On Thursday, February 28, 2019 I, Detective James M. Mason along with my partner, Det. T. O'Hara were requested to conduct a follow up investigation/compliance check at the Triple M Marijuana/THC Dispensary located at #9 Collins Ave., in Plymouth, MA. This was the result of an Inventory Discrepancy report being filed by the Triple M Dispensary following their facility being shut down by the Department of Agriculture. The shutdown was the result of an unauthorized Pesticide being used by Triple M in their cultivation process therefore causing their entire inventory of product to be rendered unusable by the Dept. of Agriculture. Det. O'Hara and I met with the Chief Operating Officer of Triple M, Mr. Kevin O'Reilly, along with a representative of Legal Counsel, Lianne Ankner, and Director of Security, Mr. Joseph Flaherty. Triple M provided a sixteen page extensive report documenting the inventory/audit process utilized prior to destruction, as well as the discrepancies discovered. In summary, their report concluded that the discrepancy in weight (435 grams -less than 1 pound of flower) was due to stems and other "non-usable" parts of the plant being destroyed and included in the waste disposal before the product was re-weighed and decarboxylated. MGA c. 66 s. 10 - Exemption C

Mr. O'Reilly stated that he would also provide the Plymouth Police Dept. with a copy of the Corrective Action Plan to be used by Triple M to prevent these discrepancies in the future. This Plan will be forwarded upon completion and will be subsequently attached to this report.

Respectfully submitted,

Detective James M. Mason
